Adding Value to the Eco-Tourism **process**

Measure No.9 of 25 (In no particular order)

FOR THE COMMUNITY AND BY THE COMMUNITY
"Turning Possibilities into Realities"

Subject: **Embargoed not for publication**

Attached please find TESS Logo which is still subject to three Minor Modifications.

The final version will be revealed to all of Seychelles and beyond during the Launching Ceremony.

The core groups of TAREC / TESS have agreed that it should be big in "size and scope" and so it will be ...!

Yes it does project a lot of meanings.

To me it meansAbundance, God's given gifts of life to the one and only Seychelles.... Varieties needing recognition, protection, love, care and undivided attention by us "humans". Together we are all moving forward as one for we are all part and parcel of this unique Environment in which we live and we do depend heavily on each other for our mere survival.

Your "intake" please.

Thanks

Marc MRM Marengo
Chairman of TAREC
